We're looking for more RNs at The Faulkner Hospital. And if you have a lot of good points, so do we:

Good salary. \$159-\$199 a week or more plus differentials.

Good benefits. Health clinic services, Blue Cross-Blue Shield-Master Medical, liberal vacation, sick leave and holiday allowances, tuition refunds, insurance and lots more, altogether worth about 3 months' salary.

Good location. We're 10 minutes from downtown Boston. That's close enough so you can

take advantage of all it has to offer. And far enough so you can avoid the daily rat race.

Good heavens! If you think you'd like to work at The Faulkner, send for our free brochure. If you're already convinced, good for you. Send for an application. Either way, write Mrs. Helen Davis, Assistant Director of Personnel.
